Danielle,

See the response below that I received regarding the mask survey.

Subject: Re: Mask Survey
To: Mary Bone <mary_bone@roundrockisd.org>

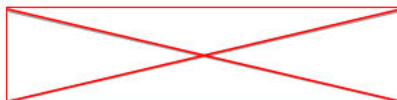

Good morning Dr. Bone,

I trust you are having a productive day. Thank you for your question. The survey will help us plan for returning to school and is information that parents have asked for as they make decisions for their children. For example, principals are reaching out to parents who have chosen virtual to encourage them to return to on-campus. Providing parents with the percentage of students who plan to wear masks can be a persuasive argument for parents to return to campus. We also felt it is pertinent information that could influence policy decisions the Board may want to consider as the pandemic worsens due to the highly contagious Delta variant.

Respectfully,

Dr. Hafedh Azaiez

Superintendent of Schools

Dr. Hafedh Azaiez

Dr. Azaiez,

I received a mask survey for my students and was wondering what this survey is needed for? What decisions are possibly being made with this survey?

I hope in the future Trustees are kept in the loop with hot topics issues so we can answer questions the community might have.

Best Regards,
Mary Bone

Thank you for your articulate and data driven email! We receive very few emails from students so your voice is very important to me in this debate.

I will continue to fight for mask choice so that ALL students can choose to do what is best for them.

Good luck on your first day of school Wednesday. I hope you have an amazing year and don't hesitate to reach out to me or the whole board anytime.

Best Regards,
Mary Bone

On Sun, Aug 15, 2021 at 11:07 AM 'Sam B' via board_of_trustees@roundrockisd.org <board_of_trustees@roundrockisd.org> wrote:

Hello.

My name is [REDACTED]

I'm writing this email, because I'm concerned about the possibility of a mask mandate for RRISD schools. I think that the district should avoid a mask mandate(at least for high/middle school) and instead focus on encouraging masks and providing a virtual school option. Here is why:

1. The vast majority of high school & middle school students will already choose to wear a mask voluntarily. While a mask mandate may sway some to wear masks, it will also create a huge enforcement issue. I suspect that many students will be emboldened by the governor's order to defy the mask mandate. This is going to cause a huge headache for teachers/administrators that have to enforce mask wearing, especially when we still don't know if the mandates are legal.

2. Every single student and adult over the age of 12 has had access to a COVID Vaccine, and a third dose is being offered for those at risk. Kids are already at low risk. 4.2 million kids have tested positive for COVID, and only 0.008% of those have died. In fact, the 2018-2019 Flu Season was more deadly than COVID.

3. The University of Louisville conducted a study on the effectiveness of mask mandates. They concluded that mask mandates are "not associated with lower total cases or lower maximum growth rates"(Source: <https://www.medrxiv.org/content/10.1101/2021.05.18.21257385v2>)

4 Cloth and other non N95 masks can make the situation worse, as they accumulate moisture which promotes bacterial growth and other nasty stuff. This is especially true if they're not worn properly, reused without washing or worn for long periods of time.(which is a huge problem amongst kids of all ages), but can happen regardless. Several of my teachers told me that they had a fungal infection or bacterial growth on their face from prolonged mask use... despite washing the masks daily.

5 Some people have anxiety and other health issues surrounding prolonged mask usage. I personally have [REDACTED]

6 The governor did issue an executive order against mask mandates in schools. We still don't know if the mask mandates are legal, and many kids will be emboldened to defy the mask mandates. How is the district supposed to deal with those kids when the governor says that they're right? Is this struggle really worth it if most students are wearing masks/vaccinated regardless.

Instead of a mask mandate, I propose

1) providing a virtual option for those who are concerned about the virus. If someone is at risk, they can stay home.

2) highly encouraging mask wearing via educational posters.

3) making sure that students who have been in suspected contact w/ covid are encouraged/required to stay at home and don't have to worry about attendance.

4) providing optional classrooms with masks required where possible(esp. in elementary school).

5) reducing class sized where possible and implementing contact tracing.

In conclusion, I don't believe that a mask mandate is necessary. Students are not at risk, and will mostly opt to wear a mask regardless. It's not worth the potential legal and enforcement issues that this mandate could cause. Instead, we should focus on voluntary masking efforts, contact tracing and social distancing. Thank you for taking the time to read my email.

Regards,

Subject: Conservator in Donna ISD
To: Amy Weir <amy_weir@roundrockisd.org>
Cc: Doug Poneck <dponeck@escamillaponeck.com>

Hi Amy,

Around 8 pm this evening I checked the Donna ISD website and I see both of these meetings have been posted today (11 Jun 2021). I started watching the 8 Jun 2021 meeting. There were some concerning comments during public comments about power towers that never worked and back room deals in restaurants but what was most surprising in this meeting happened at the 2:18:35 mark.
<https://www.youtube.com/watch?v=lry8PMcde5E>

At that point, the board president announced item V from their agenda, "Conservator Monthly Report for April 2021." Here is the agenda:
<https://www.donnaisd.net/cms/lib/TX50000621/Centricity/Domain/106/RBM%20June%208%202021%20Agenda.pdf>

At the 2:18:35 mark, this "conservator" advises that, "I want to stress that you need to start focusing on student outcome goals."

Apparently Donna ISD has been under the direction of a conservator since March 2018 as explained in this article: <https://www.valleycentral.com/news/local-news/in-letter-to-donna-isd-tea-says-it-will-continue-to-monitor-districts-finances/>

Here is TEA's explanation/definition of the purpose of a conservator:
<https://tea.texas.gov/texas-schools/school-boards/school-governance>

I have no experience with a district being under a TEA conservator so I looked into it. Here is the explanation of how this works per the TEA info link:'

As required under TEC §39A.003, at least every 90 days, the commissioner shall review the need for the conservator or management team and shall remove the conservator or management team if the commissioner determines that continued appointment is no longer necessary for the effective governance of the district or for the delivery of instructional services."
<https://tea.texas.gov/texas-schools/school-boards/school-governance/application-for-tea-monitor/conservator>

On Tue, Jun 1, 2021 at 7:57 PM Danielle Weston <danielle_weston@roundrockisd.org> wrote:

Hi Amy,

I don't expect a response from you as I know dealing with this is likely most difficult for you. But I feel compelled to document the harm that our colleague, Trustee Vessa, continues to perpetuate including on social media. Yesterday (5/31/2021) she posted on her trustee FB page about Democrats and Republicans in the Texas legislature and the demise of HB 1468. There are now over 150 comments on that post from community members and Vessa herself going back and forth about partisan politics, a senate bill unrelated to public education, info about Dr Azaiez and Vessa's comments about RRISD possibly funding virtual learning despite HB 1468 failing by "eating the cost". She goes on about personally working with Dr Azaiez on this issue and others.

Previously I had sent her emails on 15 and 25 May 2021 making her aware of her concerning pattern of behavior but it doesn't appear anything has changed. My understanding was that she was on vacation this week and taking a break from board business and social media. But that does not appear to be the case.

I don't think she has broken any laws. And I value the First Amendment. I worry about her on-going, consistent pattern of behavior undermining our ability to work as a team. I worry about her continually inflaming the community. I worry about her undermining Dr Azaiez' ability to be successful in the event that the board reaches a contract agreement with him. I feel compelled to bring these concerns to you. I don't expect a response to this email. But I stand ready to assist you and our colleagues in either getting Vessa to voluntarily stop this behavior (unlikely) or to remove her as the VP and explore options that will allow her to continue her duties as an elected official, but with official boundaries/guardrails put in place to preserve the boards ability to carry out its duties.

Fellow elected Republicans in Williamson County and the City of Round Rock,

I write to you to inform you that our school district is under attack from individuals in pursuit of lawlessness. Trustee Mary Bone and I need reinforcements. We need your help.

No doubt you have read that Dallas ISD, Houston ISD and Austin ISD have decided to defy Gov Abbott's executive order GA-38 (dated 29 Jul 2021) which prohibits any government entity from imposing a mask requirement. As you know, executive orders have the force of law.

This morning at 9:30 AM, Mary and I received a notice that a RRISD board of trustees meeting has been called by board president, Amy Weir, for 5:30 PM on Monday, 16 August 2021. The email we received states the following as the reason for the meeting:

"Due to the conflicting mandates by the state and local governments and the TROs that are being fought in court right now we will need to have a meeting on COVID protocols."

We have no doubt that this meeting has been set to call for a vote to join those rogue school districts and impose a mask mandate in Round Rock ISD which sits in your city and county. I am not aware of any other time that our school district or city or county government has called a meeting to contemplate violating the law. Mary and I cannot properly address this alone. We need all hands on deck.

We need you and so do our students and community.

Interestingly, the posted agenda item for the meeting uses this vague wording "Fall 2021 Covid-19 Health and Safety Protocols." The item is posted such that the board is empowered to take action to vote on a mask mandate. I have attached a screenshot of the agenda to this email.

We need you to email the school board and superintendent (board_of_roundrockisd.org) and share your thoughts on this. We need you to alert the media. We need you to show up to the meeting and explain the importance of lawful governance to the trustees during public comments. We also need your help in preparing for how to move forward in the event that a majority (4 of 7) trustees vote to violate the law and unleash chaos in our city and county. The Travis County Judge and Austin Mayor have decided to fuel the chaos and have both issued their own mask mandates for schools. Nine of 55 RRISD campuses are in those jurisdictions. Those elected leaders have stepped forward to support the unlawful mask mandate put forward by AISD. Those elected officials are now on the field and fully participating.

What is at stake? The physical and mental health of our youth and the preservation of law and order. Our community deserves stability and predictability... Especially for our children. Parents need to know that our schools are places where the law and parental rights are respected. Now is not a time to blend in with the wallpaper and hope nobody notices. Now is the time to step forward and stand for what is right and to protect our children.

I spoke to Mayor Craig Morgan and County Judge Bill Gravell earlier today and shared all of this with them. Mary and I spend much of our time attending numerous Republican club meetings in the area. Everywhere we go citizens see what we are doing and they ask what they can do to help. People are

watching and paying attention to which of their elected leaders is doing the heavy lifting and leading. Mary and I are fearless and smart. We are also in the minority on the school board. We cannot do this by ourselves.

For reasons unknown to Mary and I, RRISD has declined to pursue the more prudent path that Leander ISD, Georgetown ISD's and Pflugerville ISD have chosen. All of those districts have wisely issued statements that they will be abiding by governor Abbott's executive order and that masks will be optional in their school districts. None of them have called for a meeting on the subject.

We are on the side of the law and the angels. We need your help to protect our children and our community from those who seek to sow chaos and lawless rebellion. You can reach me at my number below or via email. We look forward to letting folks know everywhere we go that you were there when it mattered.

Danielle Weston

Danielle,

Thank you for the articulate email that sums up what we need from our fellow elected officials.

Elected officials,

Danielle and I need your HELP to protect the almost over 46,000 students of Round Rock ISD. These students and their families are also constituents of those of you we have copied on this email. These students and families also need your help. Just as the political grandstanding the Mayor of Austin and Judge stepped up to help AISD we need YOU to step up to help RRISD families.

ALL we need is public statements of assurance that the City of Round Rock and Williamson County stand with the Texas law and Governor of Texas, this seems like a simple thing to ask. We need to know that our elected City and County officials will use all taxpayer resources to protect our families from lawlessness.

We understand school politics are not glamorous but we are on the frontlines of protecting the most treasured population in our community, our children. If our elected officials will not stand up with us to protect the rights of this population then what will you stand up for?

We attend many meetings where elected officials over and over again state that School Board Trustees are on the front lines, well we are needing to call up your help to support the front lines in this issue. We asked some of you in the spring to help with issues and rights of students and didn't receive any help. This time I will not forget and stay silent about those that choose to help and those that use excuses or stay silent about helping children from lawlessness. ALL we are asking is for you, elected officials, to speak up that you are going to use all your authority to uphold the current Texas law and stand with our Texas Governor and Attorney General.

If you have any questions please don't hesitate to reach out. I know I have met many of you and look forward to working and meeting those of you I haven't had the opportunity to meet. We need your help. Please don't fail our families and students by staying silent. Collaborative government is not only expected but demanded by our constituents, this is a great time to show our community how we can work together for their best interest.

Finally I ask in advance that you understand the urgency and seriousness of this situation, not for Danielle and I, but for our families. I pray the tone of this email is not too harsh and that your hearts are open to the pure intentions and emotion that this email was written with to protect our students. Our shared constituents are needing us to work together and pleading for our help, the future of our City and County hinge on our children's education.

Best Regards,

On Thu, Aug 12, 2021 at 10:00 PM Danielle Weston <danielle_weston@roundrockisd.org> wrote:
Fellow elected Republicans in Williamson County and the City of Round Rock,

I write to you to inform you that our school district is under attack from individuals in pursuit of lawlessness. Trustee Mary Bone and I need reinforcements. We need your help.

No doubt you have read that Dallas ISD, Houston ISD and Austin ISD have decided to defy Gov Abbott's executive order GA-38 (dated 29 Jul 2021) which prohibits any government entity from imposing a mask requirement. As you know, executive orders have the force of law.

This morning at 9:30 AM, Mary and I received a notice that a RRISD board of trustees meeting has been called by board president, Amy Weir, for 5:30 PM on Monday, 16 August 2021. The email we received states the following as the reason for the meeting:

"Due to the conflicting mandates by the state and local governments and the TROs that are being fought in court right now we will need to have a meeting on COVID protocols."

We have no doubt that this meeting has been set to call for a vote to join those rogue school districts and impose a mask mandate in Round Rock ISD which sits in your city and county. I am not aware of any other time that our school district or city or county government has called a meeting to contemplate violating the law. Mary and I cannot properly address this alone. We need all hands on deck.

We need you and so do our students and community.

Interestingly, the posted agenda item for the meeting uses this vague wording "Fall 2021 Covid-19 Health and Safety Protocols." The item is posted such that the board is empowered to take action to vote on a mask mandate. I have attached a screenshot of the agenda to this email.

We need you to email the school board and superintendent (board_of_roundrockisd.org) and share your thoughts on this. We need you to alert the media. We need you to show up to the meeting and explain the importance of lawful governance to the trustees during public comments. We also need your help in preparing for how to move forward in the event that a majority (4 of 7) trustees vote to violate the law and unleash chaos in our city and county. The Travis County Judge and Austin Mayor have decided to fuel the chaos and have both issued their own mask mandates for schools. Nine of 55 RRISD campuses are in those jurisdictions. Those elected leaders have stepped forward to support the unlawful mask mandate put forward by AISD. Those elected officials are now on the field and fully participating.

What is at stake? The physical and mental health of our youth and the preservation of law and order. Our community deserves stability and predictability... Especially for our children. Parents need to know that our schools are places where the law and parental rights are respected. Now is not a time to blend in with the wallpaper and hope nobody notices. Now is the time to step forward and stand for what is right and to protect our children.

I spoke to Mayor Craig Morgan and County Judge Bill Gravell earlier today and shared all of this with them. Mary and I spend much of our time attending numerous Republican club meetings in the area. Everywhere we go citizens see what we are doing and they ask what they can do to help. People are watching and paying attention to which of their elected leaders is doing the heavy lifting and leading. Mary and I are fearless and smart. We are also in the minority on the school board. We cannot do this by ourselves.

For reasons unknown to Mary and I, RRISD has declined to pursue the more prudent path that Leander ISD, Georgetown ISD's and Pflugerville ISD have chosen. All of those districts have wisely issued statements that they will be abiding by governor Abbott's executive order and that masks will be

optional in their school districts. None of them have called for a meeting on the subject.

We are on the side of the law and the angels. We need your help to protect our children and our community from those who seek to sow chaos and lawless rebellion. You can reach me at my number below or via email. We look forward to letting folks know everywhere we go that you were there when it mattered.

I am now looping Mackenzie Kelly into this email. The situation is escalating and requires action from you, our fellow elected leaders.

The WCCHD (Williamson County and Cities Health District)...a governmental apparatus that you all have reps on and taxpayers pay for, just published their recommendation that all persons on all school campuses of all ages and at all times wear a mask.

https://www.wcchd.org/news_detail_T4_R109.php?fbclid=IwAR06Y7GyVTBCGUP850og0FNw_sLpEtnctT5OwDZ4fnHzwagtjRmlJSZMM4

In reading the comments of this post on their official, government Facebook page, most of the comments are cheering this "recommendation" as fuel that will push school districts to defy Gov Abbott's GA-38 and impose a universal mask mandate onto children. The WCCHD has no elected officials leading it that I know of. What kind of oversight is being exercised over this entity? Who do they answer to?

In addition, this morning on KXAN's Facebook page, they live streamed a panel of TEN Democrat elected officials in our area and around the state who are publicly advocating that mask mandates be imposed in defiance of Gov Abbott's GA-38 to impose universal mask mandates in schools and elsewhere. You can watch the livestream for yourself.

The speakers were:

1. Dallas Co Judge, Clay Jenkins
2. Harris Co Attorney, Christain Menefee
3. Houston ISD trustee, Anne Sung
4. San Antonio Alliance Education Union Pres, Alejandra Lopez
5. Travis Co Judge, Andy Brown
6. San Antonio City Council person, Terry Castillo
7. El Paso County Commissioner, David Stout
8. Waco City Council person, Kelly Palmer
9. Denton City Council person, Deb Armintor
10. Austin City Council person, Greg Cesar

A full blown rebellion and rejection of the law is here. Governmental organizations (like the WCCHD) are being leveraged. Many elected Democrats are stepping forward publicly encouraging chaos and lawlessness.

It's time for our leaders (you) to step forward. There is no "lane" to stay in. Now is the time for leadership and courage.

All -

Just wanted to check-in and see if you are going to take a stand like your counterparts south or if you are going to stay silent with regards to forcing schools to go against Governor Abbotts orders on not requiring masks? We have not received one reply to our original email as far as I am aware, not one.

As a citizen of both the City of Round Rock and Williamson county I need to understand where you all are on this topic? Silence would say you are on the side of requiring masks and going against the Governors orders, is that where you are? I know it may seem like a strange day when you have to speak up for following the law but that day has come. I implore you all to speak up.

If you have questions on this issue please don't hesitate to reach out. I know Danielle has reached out to some of you personally but if you are not aware of the urgency of this issue please feel free to call me.

Best Regards,
Mary Bone
